

What is Yeti Academy?

Yeti Academy is an all-one, standards-aligned STEM education platform. It offers K-12 Keyboarding, Coding, Google Workspace, Digital Literacy, Digital Citizenship, Computational Thinking, Math, Science curriculums. Complete with sub-ready teacher resources, including: lesson plans, notes, assessments, and so much more, teachers feel confident getting started and working through the learning process with their students.

Are there any special terms and conditions to use Yeti Academy?

Yeti Academy works with leaders at the North American Division (NAD) of SDA schools to give your schools the best rate possible. You can access the unbelievable bulk-rate pricing of \$3.00 per student instead of our regular price of \$11.05 per student. Schools needing 30 or fewer student spots pay \$100 for 30 students. (There is a 30-student minimum student limit even though you may not use all the spots. You may share them with your church community.) Larger schools pay \$3.00 per student.

Please note:

- You **MUST** use the [NAD Yeti Academy School's Special Link](#) to access these special prices.
- All subscriptions automatically end September 30, 2026.
- The link may only be used **ONCE a year**. If you need more licenses after you've made that first purchase for the 2025-26 school year, those additional spots will cost \$11.05 per student. We strongly advise you to purchase additional licenses when you make your first purchase for the school year.
- Should you use the link twice during the school year, you will erase off of your previously purchased licenses.

- To get extra licenses for the 2025-26 after you've made your first purchase, log into your Yeti Academy account, click your name at the top right, then *Account*, then use that *Purchase More Licenses* button. This will permit you to get those extra student spots without erasing those you originally bought.
- Returning schools, use your current main administrator username and domain to keep your existing account. Write to us to us if you don't remember.
- New customers, use the link to create a brand new account and Yeti Academy website (domain) for your school. Only you and your students use your link.

Specific instructions on how to order

Is your school new to Yeti Academy?

1. [Click here](#) for a signup area specific to NAD schools, and you will automatically receive NAD's special pricing. (Regular pricing applies if this link is not used.)
2. Complete the form. A PayPal page appears where you can opt to pay with PayPal, a credit, or a debit card. *(You do not need a PayPal account to order; you may pay as a **guest**. PayPal is simply the platform we use to process the payments.)*
3. As soon as you pay using PayPal, debit, or credit card, you and the number of student licenses purchased can immediately access your Yeti Academy **until September 30, 2026**. A payment receipt will then be sent to the email address used for this transaction.
4. Remember to keep the Yeti Academy web address you created in the form handy. Once you've made and shared your students' account details with them, you, your teachers, and your students will need it to log into their secure Yeti Academy account. Should you forget your Yeti Academy web address, click on your name at the top right and select **Account**. Your school's Yeti Academy web address is on the left. Please share it with your teachers and students.
5. [Click here](#) to view our guide on your first step - how to add teachers. (The guide has a link at the bottom for step two - add your classrooms. After that, step three is adding your students.)

Is your school returning to Yeti Academy?

Before getting started, decide whether you want to keep your old classrooms and data. If so, you **MUST** put the same administrator username, password, and domain (web address) you used previously in the signup form. (The web address is where you

logged on at [https://\(domain\).yetiacademy.com](https://(domain).yetiacademy.com). Your domain name must be in it.) If you don't use that specific web address, you will end up creating a new account where you start over from scratch.

Should your administrator need to find your Yeti Academy web address, have them log into their Yeti Academy account and click their name at the top right. Then, click the **Account tab**: they will find the required information there. You may always call us at (425) 880-2500 should you need help.

When you have all of the information on hand, [click here](#) and complete the form. If done right, you will get into your administrator account immediately, where you'll see your classrooms and students.

At the end of the school year, you'll need to prepare for the next school year by archiving/deleting/resetting your data and promoting your students to the next grade level. [Click here](#) for our guide on how to do that. If your students are repeating their grade levels, you won't have to archive/delete/reset their data.

Again, where do I order?

[Click here](#) to access the North American Division link to get our special Yeti Academy pricing. There is a minimum of 30 students required at \$100.00. Orders over 30 students will be at \$3.00 per student. Pay with a credit card or PayPal to complete your purchase.

I need help. What are some resources you have available?

Yeti Academy has a Solution Center where you type in keywords and get answers to practically any question you may have. [Click here](#) to go to that area.

If you prefer seeing videos, Yeti Academy has a YouTube channel. [Click here](#) to see the many videos we have for you.

Our Support Team is here to help you along the way. To contact us, simply: use the blue in-app chat box at the bottom right to talk with us; write to support@yetiacademy.com, or call us at (425) 880-2500. We're happy to help.
